PHXINDUSTRIES.COM
100 rue Émilien-Marcoux
Blainville, QC   J7C 0B5
In 2010, we began designing and manufacturing our own product lines. After testing the various products offered on the market, we now offer a different formula to our customers. We offer them easier-to-use and tougher grinders and vacuum cleaners that are more economical and affordable. We also manufacture a line of diamond tooling dedicated to our grinders, which can be used on different types of concrete.

After several years working in close relationship with the primary user, one thing became very clear to us: customer service is of the utmost importance! PHX Industries stays close to its customers. By maintaining a good relationship with you, we ensure you keep coming back to see us. Service is the key!

All our machines are tested by a renowned company specialized in concrete floors. They use our equipment on a daily basis, we could not wish for a better reference! All our machines are made by a renowned company specialized in concrete floors. They use our equipment on a daily basis, we could not wish for a better reference!

**THAT’S WHAT SETS US APART FROM THE COMPETITION!**

**QUALITY**
Our grinders are made in our Blainville plant, located in the province of Quebec. We build and develop all our products by ourselves. Our design team does the research, the design and the prototype testing in order to offer you the most efficient tools in the industry.

**RELIABILITY**
All our machines are made of robust and durable materials, in compliance with the highest standards in the industry. Your machines will never let you down!

**PERFORMANCE**
Our grinders are equipped with a passive planetary concrete grinder. It makes them one of the most effective concrete grinders on the market, grinding from 3,000 to 5,000 sq ft and polishing from 1,000 to 1,500 sq ft/day. If you do not have these results, you should ask yourself questions!

**AFFORDABILITY**
We want our machines to remain affordable for customers. You will be surprised by the quality/price ratio of PHX concrete grinders. Try to find the same quality machine at the same price!

**WHY SETTLE FOR LESS WHEN YOU CAN HAVE MORE?**
IT'S THE MOST VERSATILE CONCRETE GRINDER OF ITS CATEGORY

- LED LIGHTING
- USB PLUG
- POSSIBLE TO USE IT WITH WATER
- VARIABLE SPEED FOR CONCRETE POLISHING
- EASY FIX SYSTEM

FORWARD / REVERSE

8 HOURS OF FREE TRAINING AT OUR BLAINVILLE PLANT

208-240V 1 PHASE / 30 AMP
We design and create all our diamond tools in our Blainville plant.

If you are having any trouble with your PHX machine, one of our technicians will be available to help and guide you.

Most of the competition requires you to bring the machine back to the warehouse and have a service time of more than eight hours.

PHX INDUSTRIES ALSO MANUFACTURE ITS OWN LINE OF DIAMOND TOOLING

The Easy-fix system allows all our diamond tools to fit perfectly, and without efforts, on the PHX21 and PHX D21 concrete grinders.

Changing the plate is not required, only diamonds to insert, and they will never come off.

Our grinders can be repaired within 30 minutes.

If you are having any trouble with your PHX machine, one of our technicians will be available to help and guide you.

Changing the plate is not required, only diamonds to insert, and they will never come off.

AT PHX INDUSTRIES, YOU ARE OUR PRIORITY!

Our machines have a 2-years warranty. If you have any problems or a machine to repair, it is very important to bring the entire machine for repairs, not just the defective part. Otherwise, we will not be able to repair your machine. Also, it is very important to use the original Kevlar belts to ensure the machine's increased durability.

* Most of the competition requires you to bring the machine back to the warehouse and have a service time of more than eight hours.
THE PHX 21 GRINDER
IS A SIMPLER MACHINE TO USE.

Having no variable speed and less electronics than the usual machine, it makes it easier to maintain.

THE PHX 21 GRINDER
THE BEST GRINDER FOR ANY CONCRETE PREPARATION PROJECT!

- CAN GRIND UP TO
  3000 to 5000 sq.Ft./Day
- ERGONOMIC:
  Two-parts design to eliminate vibration
  An integrated hook to hang the power cord and hose. This contributes to keeping the work space free of any obstacles and provides a safer work environment. Everything out of the operator’s work path!

FOR A PERFECT SET
Use PHX Industries’ XV16 vacuum cleaner; it will leave your work site dustless!

WORK WITH OUR MOST POPULAR MODEL!
The frame can be removed from the grinding head, thus you can transport the machine in two (2) separate parts.*

ALL OUR GRINDERS ARE EQUIPPED WITH EASY TRANSPORTATION FEATURES.

*Handle bar for the head sold separately.

MACHINE CUSTOMIZATION

DID YOU KNOW THAT IT’S POSSIBLE TO CUSTOMIZE YOUR PHX MACHINE?

BASIC CUSTOMIZATION

Several choices are available to you. We can easily put your company information directly to the machine. This option is completely free of charge and is offered to you when you buy a machine. You just have to give us the information of your business.

ADVANCED CUSTOMIZATION

You can benefit from a complete change of the machine. We add your colors, your logo, your designs if any, and we add your company information. This is an excellent opportunity for your company to increase your visibility by using powerful machines.

PERFORMANCE SUMMARY

- MAINTENANCE COST (based on 50,000 sq ft)
  - $0.01/foot

- GREATER PRODUCTIVITY

- CANADIAN MANUFACTURER SINCE 2010

- BEST RETURN ON INVESTMENT

- BETTER GRINDING QUALITY

- BUILT WITH THE BEST STEEL OF THE INDUSTRY
